The applicant understands that the \$200 application fee is **NON-REFUNDABLE**.

The applicant understands that the puppies are placed first based on their quality and personality, not necessarily in the order in which application fees are received.

The applicant understands that the breeder places puppies in homes which are the best homes for the puppy as well as the breeder.

Applicant understands that "Show" homes receive first priority and "Performance" homes receive second priority over "pet" homes regardless of the order received. The more our puppies are out in the world being seen, the better it is for both the breed and the breeder. The breeder reserves the right to choose the puppy for the applicant.

The breeder reserves the right to not place any puppy with the applicant should the breeder feel that the applicant cannot provide a suitable home. Such decision may result from, but is not limited to, occasion where the applicant has an extreme request that the breeder feels they could not full fill in a reasonable amount of time. In the case where the breeder chooses not to place a puppy with the applicant, the breeder shall refund ½ of the application fee when the next litter of puppies is placed in their new homes.

Visitation of puppies shall not occur before the puppies are two weeks old. Visitation is by appointment only and is at the discretion of the breeder (dependent on the health and comfort of the mother and her puppies).

Puppies shall be handled at the discretion of the breeder.

Parents must ensure that children are supervised at all times, and that the mother and puppies are treated kindly and carefully. Adverse behaviour will result in termination of visitations, and possible refusal to sell buyer a puppy. (50% of application fee would be refunded when next litter of puppies was sold.)

Puppies will not be released to new homes until the age of 8 weeks.

Puppies being shipped via airline will be held back until at least 10-12 weeks of age. Puppies being shipped via airline will be charged for the purchase of a suitable sized crate, health certificate, flight arrangements and transportation to airport. Prices will vary. Flight costs will be paid by buyer according to the current fees and prior to the puppy being shipped. Buyer will also be charged for additional vaccinations and veterinary costs as needed.

All flight arrangements will be made by the breeder and not by the applicant. Breeder will only fly puppies under safe circumstances. If the circumstances are unsafe, such as the cargo bay not having temperature control, the puppy will not be shipped via airline and alternate arrangements will have to be made to transport the puppy to its new home.

*****Puppies are ready to leave us on the weekend closest to their 8 week mark. Your exact pick up dates will be posted on the web site the day the puppies are born. Pick up times are scheduled in 2 hour blocks at 10:00am, 12:00pm, 2:00pm and 4:00pm, Only Saturday and Sunday pick ups. Evenings through the week are possible if the breeders schedule allows for the time needed to see the puppy off to his/her new home . Failure to pick your puppy up on the scheduled weekend will result in a \$20/day, or \$100/week boarding charge. *****

PLEASE NOTE: Aussies come in many color patterns. We do not guarantee to have or place puppies based on colour or markings. If you request a black puppy and one is born it may or may not have white and copper markings. If colour or markings are an important issue, please state it **clearly** in writing. This will likely lengthen the time it takes to match you with a puppy. A generic application is good for 12 months from the date it is received/accepted. A specific application for colour or gender will be good for 30 months from the day it is accepted. At the end of the application period if you have not had a puppy placed with you, you may either re-sign the application form at no cost to renew the form or you may choose to cancel the application and request ½ of your money back. Money will be refunded when next litter is sold.

Show/Breeding Quality:

We feel these pups are exceptional examples of the breed.
There are no disqualifying faults affecting their suitability for showing or breeding.
They may be sold with full registration papers to other established breeders.
They are also sold on alter contracts as pets.
These puppies cost more than a pet quality puppy and come with a different contract.

Pet/Performance/Companion Quality:

We consider these pups to be not as correct as show quality.
These pups are physically sound and make wonderful companions, but are not show or breeding quality.
They are always sold with limited registration meaning that offspring will not be eligible for registration.
These pups are always sold on Spay/Neuter contracts. No exceptions

Show/breed quality is often reserved by breeders. If you would like to own one because of the colour/gender, we may offer it as a co-own. Would you be willing to co-own a puppy with us?

Before agreeing to a co-own please contact us and read our page on how co-owns work so there is no misunderstandings.
